

Building Vocabulary for Better Literacy

If participants need a stimulus for the introductory task, the following words can be cut up and used:

Isinglass: a type of gelatin obtained from fish

Hamulus: A hook-like projection on a bee or wasp, linking the fore and hindwings

Mahonia: A type of bush native to eastern Asia and North and South America

Thenar: The fleshy part of the hand at the base of the thumb

Jabot: An ornamental ruffle on the front of a shirt or blouse
